Renault TRAFIC

Efficient, clever and versatile

10 November 2016

TRAFIC

The Renault Trafic: Efficient, clever and versatile

The Trafic Van has been specifically designed to meet the needs of professionals, whatever their business environment. With panel van, crew van and passenger versions, the Trafic is designed with you in mind, offering a wide range of specialist and practical solutions, plus the ability to create other variations using the Platform Cab version as a base. With its stylish design, efficient engines, the latest on-board technology and high levels of comfort and safety, the Trafic ticks all of the boxes.

TRAFIC

40 147 100

Award winning innovation

Innovation for all. A range of features are available to keep you safe, save you money and make life easier.

Grip Xtend

Engaging Grip Xtend over loose surfaces such as gravel, light snow and shallow mud allows the front wheels to spin. This spinning action clears away the low grip surface and allows you to gain traction on the higher grip surface below.

Wide View mirror

The Wide View mirror, standard from Business+, is a simple solution built into the passenger vanity mirror that helps you to see into your blind spot.

ECO mode

Activate ECO mode at the push of a button and optimise throttle response for maximum fuel economy.

Rear parking camera (optional)

Be more aware of your surroundings, with a rear parking camera that displays in either the rear view mirror or the integrated infotainment system.

Hill Start Assist

This feature allows the vehicle to be held on an incline, without the use of the handbrake, for two seconds. This allows you time to engage gear and apply power.

Electronic Stability Control

This features helps you avoid collisions by detecting and reducing the danger of skidding or losing control as a result of over-steering.

Your mobile office

Specifically designed to meet the needs of professionals, our vehicles provide the ability to have a truly mobile office, packed with clever solutions.

Underseat storage

With 54 litres of storage under the front passenger bench seat, large objects can be safely transported, whilst still being close to hand.

Tablet cradle (optional)

The adjustable tablet cradle holds devices in place allowing you to access information easily.**

Smartphone cradle*

Standard from Business+, the smartphone cradle is adjustable for height and width, and accommodates most phones, meaning you're always connected.†#

Mobile office

An innovative fold down central seat incorporates a detachable A4 clipboard holder, which can be fixed in place to face the driver or passenger, whilst the backrest can be opened out to reveal laptop storage. Standard from Business+ excluding crew vans.

Comfort every day

Comfort is ensured through a specially contoured driver's seat with lateral support, height and lumbar adjustment and an armrest. These features coupled with a new driving position and height/reach adjustable steering wheel create an environment of optimum comfort.

Touchscreen

MediaNav is a built-in touchscreen infotainment system which is standard on Sport trim. You'll have access to navigation, radio, music and your telephone all within reach.#

* Supports phones up to 115mm in height and up to 59mm in width **Supports tablets from 125mm and up to 265mm in width †USB port is not compatible with Media Nav or R-Link #For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Smart space

The Renault Trafic has been developed to deliver clever storage solutions, creating a more practical loading area. Its load through bulkhead continues all the way under the passenger bench allowing you to carry items up to 4.15 metres in length (LWB) with a clever internal roof rack* (optional) and a large range of accessories. The intelligently designed Trafic offers endless possibilities.

The load volume - 5.2m² on the SWB, 6m² on the LWB, and up to 8.6m² on high roof variants, have been maximised to provide a loading volume which is as capacious as ever. This means that with the Trafic you can carry 3 Euro pallets in the SWB version as standard.

*SWB only

Load through bulkhead flap is magnetised to fix easily and securely in place (standard from Business+)

Interior roof rack : SWB (L1) only (accessory)

16 anchorage rings as standard on SWB, 18 on LWB versions

Staying connected

MediaNav

Enjoy stress free travel with Renault MediaNav (standard on Sport trim). The on-board touchscreen tablet provides access to useful and practical features including: navigation provided by Navteq® with vocal guidance, media from multiple sources including DAB radio and handsfree telephone using Bluetooth® technology*.

R&GO

R&GO is an application that turns your smartphone or tablet into a touchscreen for your dashboard. Two of the key features of the app are: 3D vehicle navigation provided by CoPilot®+ and a Eco driving score which includes fuel consumption information, trip computer and rev counter. The R&GO application is free to download for compatible Android and iOS smartphones.*

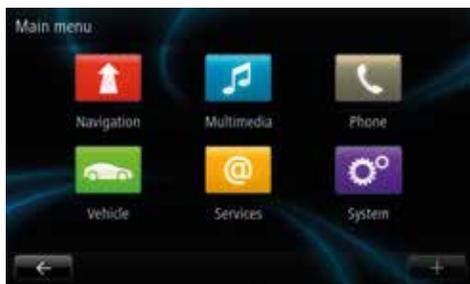

Dashbord USB is not compatible with Renault MediaNav or Renault R-Link

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>. †Additional purchase required.

R-Link (Optional)

R-Link is an integrated 7" touchscreen multimedia system which includes: navigation with TomTom® maps as well as the ability to subscribe to TomTom® LIVE services (first 12 months included), DAB radio and vehicle information such as "Eco Driving Coach". In addition to its many built-in features there are also applications to download from the R-Link Store. You can control the system from the screen, steering wheel controls or even via voice command."

Main menu with 6 icons

Discover the six available menus: navigation, multimedia, telephone, vehicle information, services and applications, system settings.

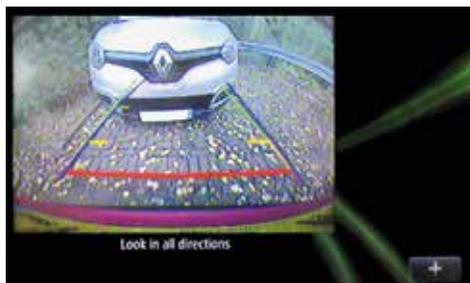

Touchscreen navigation system

With TomTom® maps and a 12 months subscription to LIVE services from delivery.

Multimedia*

DAB/FM/AM tuner, connect devices via USB, AUX sockets or Bluetooth®.

Reverse parking camera system (additional option)

Reverse parking system with rear parking sensors enables you to park safely and accurately. The image is displayed in the R-link screen (when installed) with guidance aids.

Vehicle information

The "Eco Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.

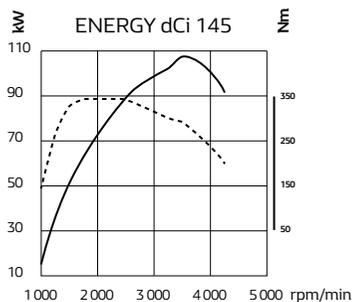

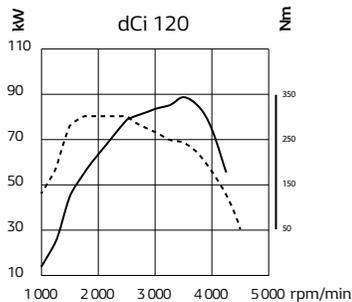

Voice control*

Set your destination, call a contact or launch an application, all hands free, with voice control.

*For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

ENERGY Engines: Double the performance

Benefiting from Renault's technological expertise in F1[®], Traffic offers a range of engines that combine simplicity, flexibility and performance. The efficient 1.6 dCi turbo engine has a range of versions delivering a MPG up to 47.1* (LCV) or 50.4* (passenger), keeping fuel costs low.

--- Torque (Nm)
 — Power (hp)

A product of the latest generation 1.6 dCi block developed by Renault, the Traffic engine benefits from the best in modern technology. It consists of a variable geometry turbocharger (dCi 95 hp and dCi 120 hp) or Twin Turbo (ENERGY dCi 125 hp and ENERGY dCi 145 hp), thus offering a large range of engines to meet everyone's needs.

The Twin Turbo engine, with Stop & Start technology and the new regenerative braking system (Energy Smart Management), helps Traffic achieve fuel economy of up to 47.1* (LCV) or 50.4mpg* (Passenger) helping you to minimise fuel costs. Better fuel economy and more driving pleasure! With Traffic, you win either way.

EURO 6 and AdBlue[®]

Ensuring our customers take advantage of the latest engine technology, the Traffic comes equipped with the latest Euro 6 compliant engines. Featuring an upgraded SCR (Selective Catalytic Reduction) system, these engines cut harmful Nitrous Oxides (NOx) emissions by over half through the injection of AdBlue[®] solution into the exhaust gases. AdBlue[®] is a clear, non-toxic and non-flammable water-based, high purity operating fluid, which is added downstream of the engine in the exhaust system, meaning you still receive the maximum efficiency from all our engines whilst reducing harmful pollutants.

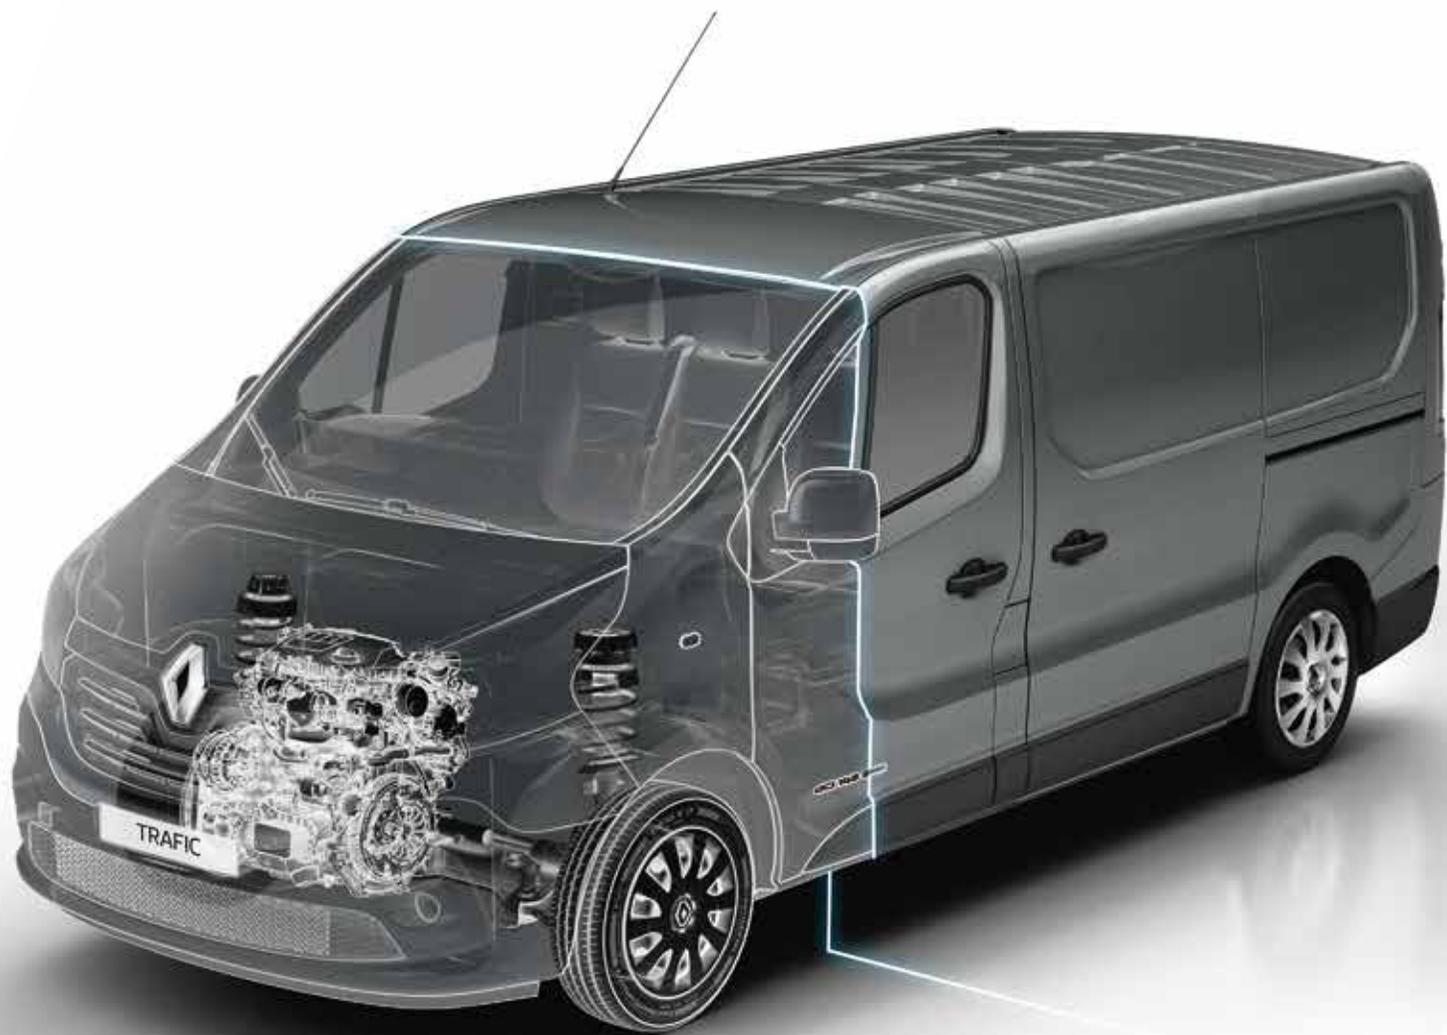

**Winner
 Medium Van
 of the Year**

**Winner
 Medium Van
 of the Year**

*EU Directive and Regulation 692/2008 test environment figures. Fuel consumption and CO₂ may vary according to driving styles, road conditions and other factors (combined cycle).

Are you Ready4Work?

For professionals that need to store tools and equipment, the Ready4Work system arrives at your dealer fully fitted so you can get straight to work. The storage is designed specifically for Renault, so no drilling into the vehicle structure is required. There is a choice of two specifications to suit your needs, the Basic Storage System and the Specialist Storage System.

Basic Storage System

Designed to provide professionals with a durable racking system suitable for the storage of a wide range of tools, components and accessories.

Construction

- Two part anti-slip phenolic coated floor
- Load and crash tested extruded aluminium floor rails to give maximum strength
- 10mm plywood base
- No drilling into vehicle structure
- Brackets connect to the existing load lashing points
- Racking manufactured from high strength Dual-Phase steel
- Lighter and stronger than normal mild steels, helping to maximise payload*
- Total weight: 86kg*

Specialist Storage System

Designed for the more specialised professional requiring an improved system for the storage of tools and service equipment.

Construction

Rear right hand unit includes the following above the Basic Storage System:

- Telescopic drawer unit consisting of :
 - 2 x (500mm (w) x 75mm (h) x 355mm (d)) drawers
 - 1 x (500mm (w) x 150mm (h) x 355mm (d)) drawer
- Adjacent to drawer unit is a 500mm(w) x 75mm (h) x 355mm (d) shelf
- Left hand unit and tool panel assembly unit are as per Storage System 1
- Total weight: 108kg*

PRICING

	Fitted basic price		Total retail price*	
	SWB	LWB	SWB	LWB
Basic Storage System	£1,025.00	£1,275.00	£1,230.00	£1,530.00
Specialist Storage System	£1,225.00	£1,525.00	£1,470.00	£1,830.00

* Needs to be subtracted from the payload. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue® tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures. #Manufacturer's Recommended Retail Price.

Sport + pack

With dynamic and robust lines, the Renault Trafic has a distinctive design with features such as the new Brand Identity front grille with prominent Renault Diamond, slender, expressive headlights and protective wraparound front bumper, giving the front end a strong, determined look that makes it stylish as well as practical.

To complement these features, the Sport+ pack accessory is available featuring:

- Front and rear spoilers with design cues from our Renault Sport range
- Front fog light surrounds
- LED Daytime Running Lights
- Side steps / bars
- Decal striping designed to fit the contours of the Trafic van

These all come together to create a stylish van which stands out from the crowd on the road.

Images show Sport+ pack on SWB, If ordered on a LWB decal may appear differently than depicted above.

*Manufacturer's Recommended Retail Price.

Versatile

As Europe's No.1 Van manufacturer, Renault is able to offer a wide range of Traffic variants to suit your specific needs.

Panel Van

Choose from short or long wheelbase, low or high roof, glazed or panelled. Loading is made easy thanks to the low load threshold, whilst load volumes from 5.2m³ to over 8m³ mean you'll have all the space you need.

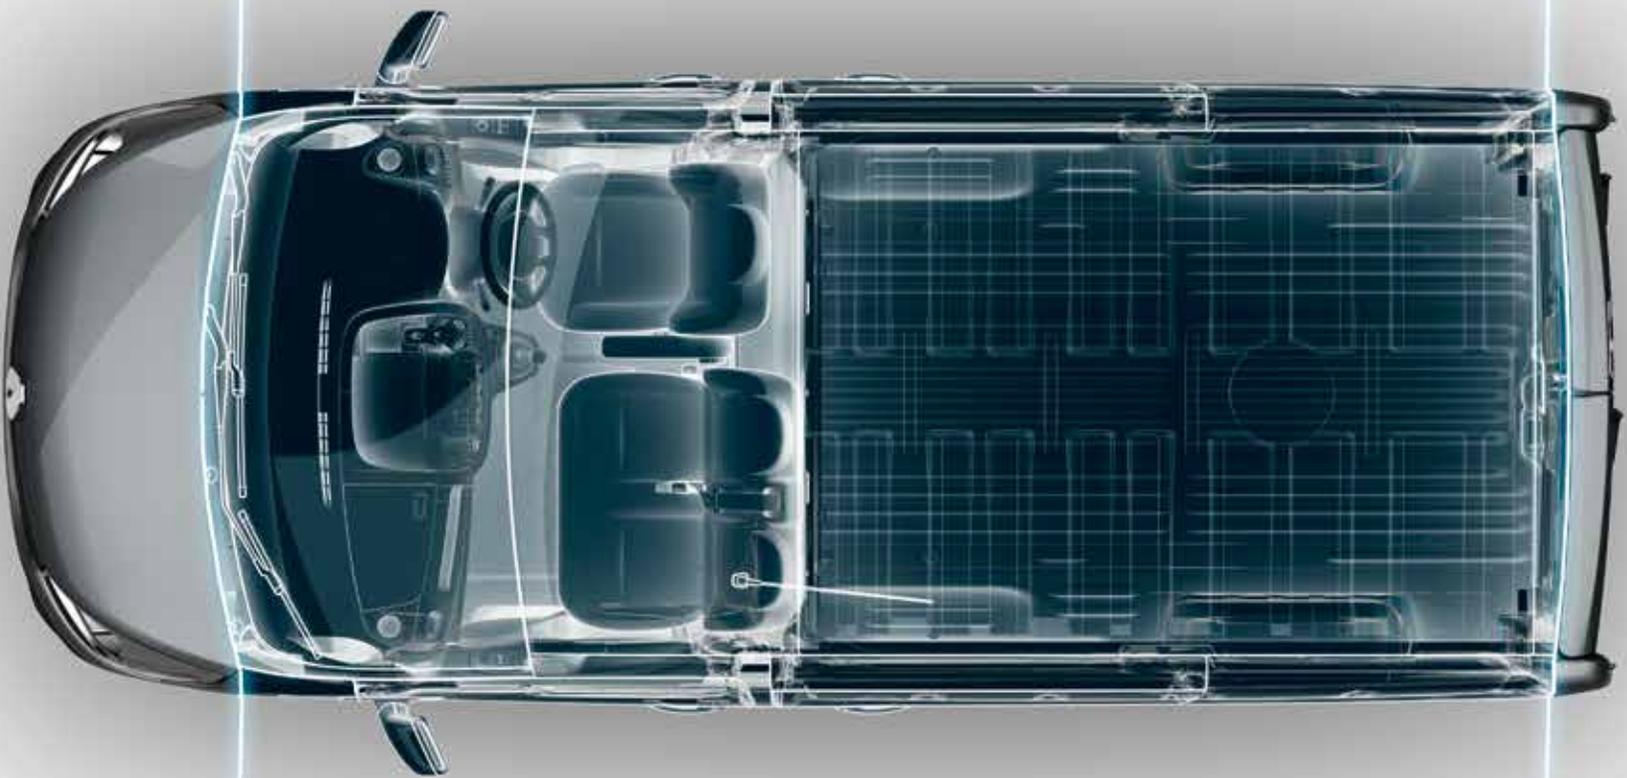

Crew Van

Need to get tools and a team to site? The Crew Van has seating for up to 6 and can still carry the tools you need for the job - safely and securely.

Passenger

With seating for up to 9 people the Traffic Passenger is the ultimate way to transport clients, employees or the family.

*All prices shown are the manufacturer's recommended retail prices. The "On The Road" price includes delivery to the dealer premises, number plates, two one-litre bottles of oil for Traffic, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. ^Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass, Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, a 100% full AdBlue[®] tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and reduced Payload, and may increase CO₂ and decrease MPG figures.

SERVICING INTERVALS					
Service Intervals	25,000 miles / 2 years				

Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive and Regulation 692/2008. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

TRAFIC

Trafic Passenger

With seating for up to nine people the Trafic Passenger is the ultimate way to transport clients, employees or the family. A long wheelbase version makes room for suitcases, tools or even the family dog. The Trafic Passenger Sport is equipped to move your passengers in style, whilst making your journey easier with a range of on-board technology as standard.

Standard features

BUSINESS

16" DELOS wheel trims

MUSCADE trim

TECHNOLOGY

- 4 years warranty (up to 100k miles) & 4 years roadside assistance
- Trip computer
- DAB radio with Bluetooth®, USB socket and AUX input with 2x15W speakers 12v power socket (front)*
- 6 speed gearbox with gear shift indicator
- ECO mode button

INTERIOR

- 2nd row of 3 passenger seats, outer seats with ISOFIX points
- 3rd row of 3 passenger seats, removable
- Closed glove box
- Driver's seat with armrest - height adjustable, lumbar adjustment
- Steering wheel - reach and rake adjustment
- Electric front windows
- Parcel shelf
- Front passenger bench seat with underseat storage
- MUSCADE upholstery

EXTERIOR

- Left and right side loading doors - glazed & glazed rear quarter panels
- 80-litre fuel tank
- 20-litre AdBlue® tank
- Door mirrors - heated with electric adjustment and external temperature sensor
- 16" DELOS wheel trims
- Rear tailgate - glazed, heated with rear wipers
- Spare wheel with anti-theft spare wheel holder

SAFETY AND SECURITY

- Airbag - driver and front passenger
- ESC (Electronic Stability Control) with Hill Start Assist and Grip Xtend
- ABS with EBD (Electronic Brake force Distribution)
- Tyre pressure monitoring system
- Electronic immobiliser
- Remote central locking (2 button key)
- Deadlocking
- Alarm pre-wiring (see Accessories for Alarm)
- 2 ISOFIX points for 2nd row, outer seats
- Seatbelts - 3 point height-adjustable seatbelts with pretensioners and load limiters
- 4 disc brakes

Standard features

SPORT (additional equipment to Business)

17" CYCLADE alloy wheels

JAVA trim

TECHNOLOGY

- Automatic headlights and wipers
- Renault MediaNav Evolution 7" touch screen multimedia and navigation system
- Radio with DAB, Bluetooth® and USB socket and AUX input with 2x20W speakers*

INTERIOR

- Manual air conditioning and pollen filter
- Smartphone cradle^
- Leather steering wheel
- JAVA upholstery
- Premium dashboard with closeable upper dashboard storage
- Electronic front windows - driver's side one touch descending

EXTERIOR

- Metallic paint
- Body coloured front bumper, door rail, rear tail light column and door mirrors, brilliant black, high gloss logo surround and premium, chrome grille
- Left and right side loading doors - glazed with opening windows
- 17" CYCLADE alloy wheels

SAFETY AND SECURITY

- Front fog lights
- Rear parking sensors
- Cruise control and speed limiter

Wheelchair Accessible Vehicle

Renault have developed a specialist Wheelchair Accessible Vehicle (WAV) version of the Trafic Passenger vehicle.

The Trafic WAV complies with European Whole Vehicle Type Approval, on accessibility conditions for people with reduced mobility or wheelchair users.

The conversion is based on the Trafic 9 seat Minibus, with a 3-fold aluminium ramp, which allows easy access to the rear of the vehicle. There is a standard anti-slip floor and 4 detachable tie down clamps for wheelchairs with 4 manually adjustable retractors to restrain the wheelchair in its position. Please see option page for more details.

The Renault Trafic WAV is available as an option on all SWB and LWB variants in the following configurations:

- 9/8 seat with wheelchair position (up to 6 of which can be used when utilising the wheelchair position)
- 6/5 seat with wheelchair position
- 6/5 seat with wheelchair position and folding rear side seat next to the wheelchair position.

SERVICE INTERVALS			
Service Intervals	25,000 miles / 2 years		

[†]Official Fuel consumption figures are produced for comparison purpose and are measured according to the European Directive and Regulation 692/2008. These figures are specific for a vehicle type and not for a single car. Real world fuel (actual) consumption can vary as the fuel efficiency of a vehicle is influenced by driving behaviour, weather and road conditions. The use of technical equipment for example air conditioning, can also effect the fuel consumption. For further information, please visit the Vehicle Certification Agency web site www.vca.gov.uk. For more information on CO₂ banding and Company Car Tax Benefit In Kind go to www.renault.co.uk

*Fitting not included. For post-registration fitting only. **Leather facings with synthetic leather sides and backs. #Manufacturer's Recommended Retail Price †The Service plan offer is available at participating dealers only. Vehicle must be ordered between 1st January 2016 and 31st December 2016 and registered in 2016. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved outlet. Service plans do not cover wear and tear items such as (but not limited to) tyres, wiper blades or brakes. To qualify you must order and purchase the Service plan from a Renault Approved outlet before the first service or within the first 12 months (whichever comes first). Cannot be part exchanged, refunded or transferred. For service plan terms and conditions visit www.renault.co.uk/serviceplan

Renault Pro+, the expert brand

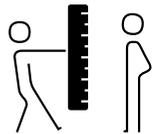

Renault has been part of the light commercial vehicles (LCV) market for over a century, providing our commercial customers with versatile and innovative solutions in both our products and services. This is one of the reasons our customers have chosen us as Europe's number one each year since 1998, in addition to being on the podium in numerous countries worldwide, from North Africa to Latin America.

We have taken over a century's worth of experience in the LCV market along with learnings from our strong customer relationships and created Renault Pro+, an expert brand dedicated to both our loyal and new light commercial vehicle customers alike. Encompassing our award winning products, services and commitments, Renault Pro+ builds on a strong foundation to inspire further creative innovations. This allows us to offer our customers a tailored approach including bespoke solutions to suit all their needs. Our customers deserve a high quality experience and as professionals we strive to understand each other.

The specialised Renault Pro+ network

Within the Renault network, certain sales outlets are Renault Pro+ specialists. They meet specific commitments.

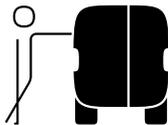

Specialists at your service

- A Commercial Vehicles specialised salesperson
- A dedicated After-Sales Advisor
- A reception area reserved for business customers

Decisions made easier

- Presentation of a comprehensive range of Commercial Vehicles
- Test drives without an appointment
- Quotations within 48 hours, including for converted vehicles

Your mobility guaranteed

- Extended workshop times*
- Servicing within 8 hours without an appointment*
- Diagnosis within the hour*
- Van for van replacement vehicle

TRAFIC

Renault Services

4 years warranty and Renault Assistance

Your vehicle is covered by a warranty package for up to 4 years /100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 12 years.

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer.

This service is available 24 hours a day, every day of the year. Renault Assistance Cover, provided from months 0 to 48, includes: assistance at the roadside and home, as well as national recovery. Onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

Servicing options*

A Renault Service plan allows you to budget for the future cost of your routine servicing. It really is the hassle-free way to take care of your Renault. There are many benefits to a Renault Service plan.

- Inflation-proof servicing - You know exactly what you'll pay and there are no hidden costs
- Full peace of mind - No matter where life takes you, we'll be there
- Renault expertise - Our highly trained technicians know your Renault inside out

We have a range of service plans to meet the needs of practically all of our customers'. Speak to your Renault dealer for more information on these plans.

Service Intervals

25,000 miles / 2 years: Traffic all engines and versions

Renault Network Services

No-one is better placed than Renault to maintain, fit and repair your Renault, fast. The Renault Minute (maintenance and repair with no appointment necessary) and Renault Rapide Bodycare (bumper scuffs, dings and dents, windscreen, stone chips and interior repairs...) services deliver the highest level of repair and maintenance and offer a full year's guarantee on Original Renault Parts. And don't forget to have a look at our wide range of additional equipment and accessories!

Finance options**

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

Renault iCare

Is an innovative Service, Maintenance & Repair product that supplies Business customers with a fully supported, managed hassle free service and maintenance package.

Renault iCare is a "Pay-As-You-Go" product that insures your vehicle is maintained by Renault technical experts when work is required.

iCare provides the following benefits:

- Full Service, Maintenance & Repair cover in the Renault Dealer Network
 - Tyres can be included within the contract at an additional fixed cost
 - Ancillary equipment can also be included (at an additional fixed monthly cost)
 - Excludes: Damage/Neglect/Abuse/Glass & Bulbs
- A fixed, pre agreed pence per mile rate
- No excess mileage charges at the end of the contract
- No pooled mileage administration
- Minimalise downtime

For more information and to obtain a quote based on your requirements, please speak to your local Renault Business dealer or visit www.renault.co.uk/icare

Customer relations

Renault knows the value of communicating with its customers and we have established effective ways to keep in touch with you. If, after speaking to your local Renault dealership, you are not completely satisfied, please contact the Renault UK Customer Relations Department on 0344 3350000* (Mon-Fri 9.00am to 5.30pm, except Weds 10.00am to 5.30pm. Closed on Bank Holidays). You can also visit our website www.renault.co.uk Or write to us at: Renault UK Ltd, The Rivers Office Park, Denham Way, Maple Cross, Rickmansworth, Hertfordshire, WD3 9YS.

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given or the photos displayed. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised. The colours that appear in this document may differ slightly from the actual paint and upholstery colours.
